

Kinder Equipment has partnered with AFR/OFU Cooperative to pass along a member discount of \$250 for any subsoiler ripper plow purchased from the company.

Kinder Equipment was formerly named Laney Mfg. until mid-year 2017. They are still the same family owned and operated independent company as before. The history of Laney Manufacturing started in the 1960's in a small farm shop and moved to the present location in 1973. They sell high quality farm equipment with goals of helping today's farmers accomplish all of their farming more efficiently and economically.

If you have questions about the membership discount or if they can help you with your equipment and parts needs please call Toby Kinder at 580-335-2363 or to see the products they produce and connect with Toby visit their website at <http://kinderequipment.com/> .
